

## US NAVY ART COLLECTION – Keywords

**Keyword Search is limited to a single lower case word,**

**Searching is case sensitive** --- “Aircraft” is not the same as “aircraft”

**Searches full word or partial word** --- “ship” will find “ship”, “airship”, “steamship”, “sailing ship”

**Search by “Any”** --- gets the most results, searches all fields, artist, title and keywords, however it finds every occurrence of the sequence--- “roach” finds the Artist “roach” and Title and Keywords “approach”

**Hints:** artist “lastname” is not case sensitive; if not sure of spelling guess the first few letters. Ship names and the names of battles, places and people in the painting, can usually be found in the title, when in doubt, guess at the first few letters of the spelling.
